

Wait! I Have a Question!

Faith - Based **I CAN** Statements

I can trust God

Remind your children that God is sending lots of helpers. He made the doctors and scientists that Sebastian's mom talks about in the book.

I can love my neighbors

This is a good time to talk about how God asks us to love one another. We can care for our neighbors by practicing Safer-at-Home.

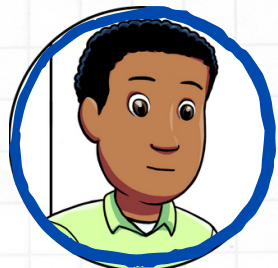

I can worship at Home

Talking about school at home opens the door to talk about church-at-home. Share the ways you can worship God throughout the day, too.

I Can Pray for my friends

When your children are missing their pals, it may be a good time to chat with God about them. We can pray for their safety and joy.

I can bring my feelings to God

God invites us to come to Him when our hearts are overwhelmed (Psalm 61). Teaching our children how to bring BIG feelings to God is a wonderful gift.

I can ask God questions

Consider starting a prayer journal with your kiddo- you can help your pre-readers write while they draw pictures of the questions they have for God.
